A planned progressive programme of CEIAG supports them in choosing pathways, suited to their interests and abilities. The end goal is to ensure students follow a suitable/appropriate career path and sustain employability throughout their working lives. Francis Barber will give learners the opportunity to leave with personal statement, CV and interview support.

Francis Barber will evaluate its careers against its objectives to ensure high-quality delivery.

Curriculum

The careers programme includes planned careers education lessons in Prince's Trust unit Career Planning, themed lessons, careers guidance activities, (group work and individual interviews), information and research activities and action planning. Collapsed timetable sessions and other focused events, e.g. Options events take place during the year. It is also the

responsibility of HOD to capture the imagination of our young learners and to have pathways available for pupils giving them the opportunity to explore these.

Staff Development

Staff training needs for planning and delivering the careers programme will be identified in staff development plans.

Monitoring, review and evaluation

A framework for monitoring the delivery of the careers programme is in place and external tools such as the Compass tool is used to evaluate careers provision against the Gatsby Benchmarks. The programme is reviewed annually by the Careers Leader through use of the Compass evaluation tool and staff and student feedback.
